Work Experience

Town of Westwood

IT Intern

July 2015-August 2015, July 2016 – August 2016

- Summer between Sophomore and Junior years, took on a paid position with the Town Hall's IT department. Tasked with configuring a majority of the town's newest computer systems and networking devices. I did the research to back a number of decisions for the IT director, including choice in content-management-systems and Point-of-Sale devices

USSTEAM Academy

Teacher

September 2016 - Current

- Supplemental learning program where I taught an introductory course to Java programming. There are two 15 week sessions through the year
-

Community Service

Town of Westwood

Assistant

- Summer between freshman and sophomore years, volunteered at the Westwood Town Hall with the IT department where I worked part-time hours primarily as an assistant, aiding with any small repairs or configuration jobs as necessary.

Robotics Outreach Program

Mentor

- Promoted STEM studies through robotics outreach programs with local community. Led robotics workshops for several age groups to encourage active STEM involvement for parents. Organized Local Hack Day event for computer science outreach.
-

Extracurricular Activities

Westwood Robotics Team

Lead Programmer

- Lead programmer (Java) for the school Robotics team where we, as a part of the First Robotics Competition, build a robot to complete a given challenge and compete against other teams from a local to national level

Westwood Hack Club

Leader/ Co-founder

- International movement of young creators founded with the mission to bring together an all-inclusive community of thinkers to nourish curiosity, share in knowledge and grow in skill and experience. We attempt to introduce underrepresented groups into the field of computer science and foster their growth.
-

Athletics

Track and Field

Varsity Athlete

- High School Spring track team. Received varsity recognition during 11th grade

Cross Country

Varsity Athlete

- League champions High School Cross Country team. Received varsity recognition during both 11th and 12th grades
-
